# OUR MISSION

**KYCC (Koreatown Youth and Community Center) was established in 1975 to support a growing population of at-risk youth in Los Angeles. Today, KYCC is the leading multiservice organization in Koreatown, supporting children and their families in the areas of education, mental health, housing and finances. KYCC is committed to making Koreatown a safe and beautiful place to live and work.**

**The mission of KYCC is to serve the evolving needs of the Korean American population in the greater Los Angeles area as well as the multiethnic Koreatown community. KYCC's programs and services are directed toward recently immigrated, economically disadvantaged youth.**

# A MESSAGE FROM KYCC

Dear Friends of **KYCC**,

As a multiservice organization, **KYCC** has six major program areas at six direct service locations across Koreatown. We provide over 25 programs in mental health, education, community beautification, housing and economic development. That's a mouthful. It's difficult to succinctly depict what **KYCC** does for the community. Clients young and old come to us for a variety of reasons—some families need after-school tutoring, while other families might request legal services for a tax dispute, or a business owner might call us to remove graffiti from her storefront.

**KYCC** has grown tremendously over the decades. We started as an offshoot of the Asian American Drug Abuse Program in 1975, with one staff member and a few volunteers. Now we have 100 people on our staff—most of them bilingual in Spanish or Korean. Expansion has been exciting, but it has always been of utmost importance for us to focus on providing great quality services to our clients. We have so much to offer our clients. And despite being in different buildings, we all share the same mission and commitment to our community. No matter which location a client comes to, **KYCC** strives to provide access to the same comprehensive services.

This is our “Multitouch” approach. Multitouch refers to the multiple ways—through our programs and services—that we can assist our clients. Many of our clients have complicated challenges that can benefit from a consistent support network. This type of integrated, holistic support has been proven to be more effective with positive long-term outcomes.

Take Francisco and David, who first came to **KYCC** as volunteers for our Environmental Services cleanups and then for years to file their income taxes through our Volunteer Income Tax Assistance program. Last year, they shared that their new landlord viciously harassed them based on their sexual orientation. The verbal assaults turned physical, but David and Francisco were hard-pressed to find a new, affordable place to live. Because we had built trust with them over the years, they reached out to one of our Community Economic Development staff, who was able to connect them to an emergency fund that could help them find new housing. Now, David and Francisco are safely settled in a new apartment on the border of Koreatown and Westlake.

So while we are focused on providing quality programs and services, we are committed to this client-centric approach. It requires working together with our clients and colleagues, as a team, to coordinate the best of what we have to offer, with what is needed the most.

Sincerely,

Johng Ho Song  
**KYCC** Executive Director

## FIGHTING POVERTY

BRINGING \$14 MILLION BACK INTO THE HANDS OF OUR FAMILIES

Every year, **KYCC's** Volunteer Income Tax Assistance (VITA) program holds a tax preparation service for thousands of low-income families living throughout Los Angeles. In 2017, VITA saw a record of 12,000 tax returns, bringing \$14 million in refunds. The VITA program is made possible through the collective effort of a 250-volunteer team, contributing over 2,800 hours of service.

## MILESTONES 2016-17

### FAMILIES GATHER FOR FIRST “CULTURE OF RESPECT” CELEBRATION

Hundreds of families—over 600 parents and children—attended the first ever “Culture of Respect” Celebration on July 30. The celebration was the culminating event of **KYCC**’s Building Stronger Families (BSF) project, which addressed the issue of violence inside and outside the home. BSF participants pledged to uphold values of respect, positive raising of children, and equality for all.

### THE S. MARK TAPER FOUNDATION PROVIDES \$50,000 FOR KYCC’S MENLO FAMILY CENTER YOUTH

The S. Mark Taper Foundation awarded a generous \$50,000 grant to the Menlo Family Center on December 2016. The grant is allocated towards the Elementary Tutorial Program, which provides academic support and parent engagement; the Gang Reduction and Youth Development program, which provides team building workshops and life skills training; and STOKED, a youth action sports program. The grant also funds events to facilitate family togetherness, such as Menlo Family Night.

### KYCC HEADS API CHILD ABUSE PREVENTION PROGRAM

On February 2, **KYCC** launched a kickoff meeting for the Asian Pacific Islander Partnership for Families (API PFF) Collaborative. The collaborative was made to address the needs of pregnant women and families with children, ages five or younger who are at risk for child maltreatment. **KYCC**, as the lead agency in this child abuse prevention initiative, hopes to ensure that families with children live in environments that are physically and emotionally sound. We provide these services in Chinese, Korean, Khmer/Cambodian, Vietnamese and Tagalog.

### KYCC MENLO FAMILY CENTER RECEIVES COMPUTERS FROM L.A. CITY COUNCIL

On May 4, Los Angeles City Councilmembers Herb Wesson’s and Gil Cedillo’s offices donated 25 desktop computers and four years of free internet service to **KYCC**’s Menlo Family Apartment tenants. Many Menlo families did not have access to a computer prior to this donation. The desktop computers provide unemployed parents an opportunity to apply for jobs, help children do research for assignments, and generally provide for families’ everyday technical needs.

### KYCC RECEIVES \$180,000 FROM CBB BANK FOR ENGLISH-LANGUAGE LEARNERS

In partnership with the CBB Bank Foundation, **KYCC** launched a free, year-round middle school education program for Koreatown’s English-Language Learners. CBB Bank granted \$180,000 over three years to aid the program, providing afterschool options for students struggling to learn English. Along with English classes, the program includes enrichment activities, such as community involvement, financial literacy and college and career preparation.

### KYCC PARTNERS WITH LAUSD TO BUILD AN OUTDOOR LEARNING ENVIRONMENT

The Wilshire Park Elementary School Native Habitat Garden was opened to students on May 23. The park was funded by a \$110,000 grant from the California Natural Resources Agency. In a joint development effort with **KYCC** and the Los Angeles Unified School District, the asphalt playground at the school was converted into an outdoor learning environment through a campus beautification project.

### KYCC RECEIVES \$300,000 FOR TAX CREDIT OUTREACH

**KYCC** was the recipient of a \$300,000 grant from the State of California to increase awareness of California and Federal Earned Income Tax Credits. **KYCC** led a wide-ranging coalition of stakeholders—including the City and County of Los Angeles, Citi Community Development, United Way of Greater Los Angeles, and 23 community-based organizations—to create, brand and launch the #FreeTaxPrepLA campaign.

### KYCC PROVIDES STORYTELLING PLATFORM FOR METRO LA YOUTH

On June 14, **KYCC** hosted “Rise Up, Speak Out: A Youth Storytelling Night.” As the lead agency of the Coalition to Prevent Alcohol-Related Harms in LA-Metro (CoPALM), **KYCC** hosted the event as a platform for Metro LA youth to express themselves and share their experiences. Youth participants shared personal stories of love, friendship, family and hardship through storytelling, spoken word, music and visual art.

## A WARM HANDOFF

**KYCC**'s mission is to transform the lives of families and the community that we serve. We have learned that individuals and families go through developmental phases and their needs are always evolving—when one challenge is solved, another might arise in a different area.

One of the many benefits of our multiservice agency is the ability to provide a warm handoff—when our clients encounter an additional challenge, our staff can refer them to an in-house program or service that can help with their new need. Most importantly, we can follow up and continue providing resources.

A big part of our success is the trust that our clients have in our services. When we can make a referral to another **KYCC** program, our clients are likely to stay with us, and we can continue our commitment to them.

While he was in high school, Eric was involved with **KYCC** as a high school leadership program participant and a volunteer tax preparer. The summer before entering college—he’s a third-year student at CalPoly Pomona—Eric served as a Summer Youth Supervisor through the Environmental Services Summer Youth Program. Funded by a generous grant from Nissan North America and the Office of Community Beautification (OCB), Eric oversaw a team of his peers working twenty hours a week on city rejuvenation projects such as tree planting, graffiti cleanup and trash removal. As a volunteer with youth, Eric loved the opportunity to work with kids who looked up to him as a role model and enjoyed being able to set a precedent for their generation. In turn, he also credits the kids with teaching him to be more positive and lighthearted.

KAWA is comprised of 216 members—mainly first-generation Korean American women ranging in age from 55 to 70 years old and located in Orange County, San Fernando Valley and the Greater Los Angeles area. KAWA has been a longtime supporter of **KYCC** by co-sponsoring our Annual Benefit Concert and hosting a booth at our Holiday Carnival, where they hand out school supplies and snacks to low-income families. Now, thanks to The Eisner Foundation, the women of KAWA lead workshops teaching elementary-aged kids creative skills and practical knowledge such as cooking, soapmaking, folk painting and Western art history—adaptations of classes the organization previously offered only for adults.

Andy also collaborates with two other **KYCC** programs—Environmental Services and Prevention Education—to maximize the multiservice agency's impact. With Prevention Education, a substance abuse prevention program, Andy outreaches with our community organizers when they meet with liquor store owners and small markets. He also joins our Environmental Services team, to promote the benefits of planting shade trees in commercial districts.

**“By focusing on the client—in this case, many of whom are immigrant entrepreneurs—and by sharing information on all that we offer, Andy has greatly expanded KYCC’s ability to educate and provide quality services to those in need.”**

**KYCC's** Kids Town Preschool provides early childhood education for 72 children from the ages of 2.5 to 5 years. Our progressive philosophy emphasizes creative exploration in a developmentally appropriate environment, where children can learn, grow and develop at their own pace. Activities are designed to promote high self-esteem, independent learning and lifelong feelings of competence. The center is open Monday through Friday from 7:00 a.m. to 6:30 p.m., year-round to meet the needs of working families.

## ENVIRONMENTAL SERVICES

*Established 1989*

1319 West Pico Boulevard, Los Angeles, CA 90015  
(213) 743-8750

The vision of Environmental Services is to engage communities in creating safe, healthy and beautiful neighborhoods. **KYCC** works with residents and groups to plant, distribute, care for and learn about our community trees. We seek out neighborhoods with few trees and many hands. **KYCC** beautifies Koreatown and surrounding neighborhoods by leading community cleanups and service projects, and increasing safety by removing graffiti free of charge, seven days a week. Through neighborhood beautification and environmental education, **KYCC** is helping to make Los Angeles a cleaner, greener and more livable city.

## CLINICAL SERVICES

*Established 1979*

3727 West 6th Street, Suite 411, Los Angeles, CA 90020  
(213) 365-7400

Clinical Services offers culturally and linguistically appropriate mental health services for low-income children, youth, and their families. Individual and family therapy, case management, and medication support services are provided in outpatient, school-based, and in-home settings.

## YOUTH SERVICES

*Established 1975*

1230 South Menlo Avenue, Suite 100, Los Angeles, CA 90006  
(213) 365-7400

Our academic support programs supplement school education and foster independent learning through out-of-school-time services for low-income children. Youth development and case management programs provide family support, life skills, leadership experience and enrichment for youth to become active community members. Our programs include the K-12 academic, STOKED action sports mentoring, and GRYD Case Management programs; our Summer Day Camp; and high school volunteer/leadership programs.

## PREVENTION EDUCATION

*Established 2013*

Address: 680 South Wilton Place, Los Angeles, CA 90005  
(213) 365-7400

Prevention Education is funded by the Los Angeles County Department of Public Health, under the Substance Abuse Prevention and Control division. Our goal is to reduce underage drinking in the Koreatown, Pico-Union and Westlake areas and to encourage local community members to advocate for a safe and healthy community. We aim to address the issues of retail access and availability of alcohol as well as transform the social norms that contribute to underage drinking and marijuana use.

## COMMUNITY ECONOMIC DEVELOPMENT

*Established 1992*

3727 West 6th Street, Suite 300, Los Angeles, CA 90020  
(213) 365-7400

Community Economic Development services and programs focus on building community wealth through helping families achieve financial stability. We offer financial coaching and case management services to provide free one-on-one financial guidance, motivation and advice to help families increase financial capability. **KYCC** owns 209 low-income housing units at 8 locations, providing affordable housing for the residents of Koreatown. Through our Volunteer Income Tax Assistance program, **KYCC** helped over 12,000 households file free federal and state income taxes and ensured that those eligible for Earned Income and Child Tax Credits received \$14 million in tax refunds in 2017. Our Small Business Development program provides free technical assistance to small businesses and entrepreneurs to provide economic opportunities in our community. **KYCC** also offers utility assistance programs to help non-English speakers resolve their billing issues.
