# WHO WE ARE

KYCC (Koreatown Youth and Community Center) was established in 1975 to support a growing population of at-risk youth in Los Angeles. Today, KYCC is the leading multi-service organization in Koreatown, supporting children and their families in the areas of education, health, housing, community beautification, and finances. KYCC is committed to making Koreatown a safe and beautiful place to live and work.

The mission of KYCC is to serve the evolving needs of the Korean American population in the greater Los Angeles area as well as the multi-ethnic Koreatown community. KYCC's programs and services are directed toward recently immigrated, economically disadvantaged youth and families, and promote community socioeconomic empowerment.

## A LETTER FROM KYCC

Dear Friends of KYCC,

This year, we are honored to be celebrating a historic milestone—50 years of service to our community in Koreatown and throughout Los Angeles.

Founded in 1975 as a youth-focused organization, KYCC was established to support newly immigrated Korean youth and their families, as they built new lives in Koreatown. Over the decades, we have adapted to meet the evolving needs of our multicultural community, expanding our programs and services to include affordable housing, intergenerational storytelling, environmental initiatives, and more. Today, KYCC remains a trusted community pillar for our families, providing them with the essential resources and tools they need to thrive.

My journey with KYCC began after college when I joined as a social worker, eager to support the Korean American community. Over the years, I have witnessed firsthand the remarkable growth of our organization—one that has now served over 500,000 individuals over the past five decades.

As we reflect on this pivotal moment and face the challenges that lie ahead, KYCC remains steadfast in our mission to uplift and empower our community, addressing the evolving needs of our most vulnerable residents. We are grateful for your support and thank you for being a part of our journey. We look forward to the future, standing together in service with our community.

Sincerely,

Johng Ho Song  
Executive Director

# TIMELINE

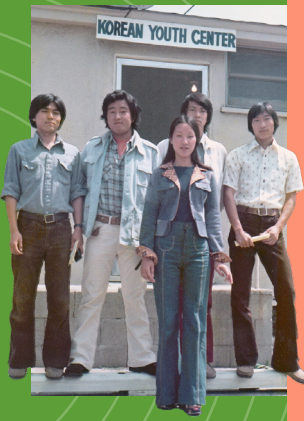

2025

CELEBRATING 50 YEARS • CELEBRATING 50 YEARS • CELEBRATING 50 YEARS

1975

## KYCC IS FOUNDED

KYCC opened its doors as Korean Youth Center (KYC) on February 14, 1975, at 932 S. Crenshaw Blvd., establishing culturally relevant after school programs for youth and education workshops for parents.

1979

## COUNSELING SERVICES BEGIN

KYC receives an AB90 grant through the Los Angeles County Department of Community Development to begin counseling services in 1979.

1980'S

## KOREATOWN OFFICIALLY RECOGNIZED

The City of LA officially designates Koreatown as a neighborhood. By the end of the 1980's, its Korean American population was the 4th largest Asian Pacific group in Southern California and had grown by 700%.

## KYC MOVES TO OXFORD

KYC moved to 309 South Oxford Avenue. At this location, KYC grew to have its presence in Koreatown, as a community and drop-in center for young, recently immigrated Korean American youth.

## RISING JUVENILE DELINQUENCY ISSUES

Juvenile delinquency is a rising problem in the Korean American community, with youth facing assimilation problems. That year, KYC handled 52 cases involving arrests, runaways, theft, burglary, truancy, and drug abuse.

## KYC BECOMES INDEPENDENT

On August 20, 1982 KYC is incorporated as an independent nonprofit agency to provide comprehensive youth services to the Korean community.

1992

## SA-I-GU

On April 29, 1992 rioting, looting, burning and killing devastated Koreatown for six days. With the acquittal of four LAPD officers who brutally beat Rodney King, South LA residents took to the streets in outrage and frustration. Koreatown suffered disproportionately, as 2,280 Korean American businesses were looted and burned, estimating \$400 million in property damages. In the Korean American community, the Los Angeles civil unrest is remembered as Sa-i-gu, translated literally as 4-2-9, referencing April 29 in Korean.

## ECONOMIC DEVELOPMENT UNIT LAUNCHES

Following the devastation of Sa-i-gu, KYCC added its Neighborhood Economic Development program, providing counseling and assistance to small business owners.

## KYC EXPANDS ITS NAME

On October 15, 1992, the KYC Board of Directors added "Community" to our name, becoming Korean Youth and Community Center, recognizing the organization's expanded direction and commitment to serving all ethnic groups in Koreatown.

1993

## WATER CONSERVATION INITIATIVE GROWS

In 1993, KYCC became one of the lead organizations in the LADWP's Low Flush Toilet Exchange program. At the end of the 15-year program—the largest water conservation program to date—KYCC gave away over 1.2 million free low-flush toilets and showerheads.

## ENVIRONMENTAL SERVICES UNIT FORMS

In 1993, KYCC's 1319 Pico Boulevard location was leased, and KYCC Environmental Services (ES) was formed. Still operating out of this location, ES has expanded its graffiti removal, tree planting and water conservation programs.

1994

## MOVING TO WILTON PLACE

Our staff move into the KYC Limited Partnership, a 19-unit low-income apartment building at 680 S. Wilton Place, marking a shift in the organization's priorities towards housing development.

## HOLIDAY TRADITION BEGINS

KYCC held its first Holiday Carnival, a staff-led event hosted as a way to give back to our clients. Over the years, it has grown to host over 2,000 children and their families.

1995

## YOUTH LEADERSHIP PROGRAM LAUNCHES

KYCC launched a pilot project to provide culturally sensitive leadership development for young Korean Americans. An iteration of the Korean American Youth Leadership Program is still in existence, run by the K.W. Lee Center for Leadership.

1996

## YOUTH DRUG ABUSE PREVENTION

To raise awareness about issues related to tobacco, alcohol, and drug use among Korean American teenagers, KYCC established the Youth Drug Abuse Prevention Project (YDAPP) with 13 high school students.

2000

## RENO AFFORDABLE HOUSING PROJECT

KYCC purchased a 46-unit apartment building at 340 S. Reno Street to provide affordable housing in Koreatown, seeking to accommodate the fixed incomes of immigrant seniors.

## KOA BUILDING PURCHASE

KYCC and four Koreatown nonprofit agencies purchased a six-story building at 3727 W. 6th Street. The goal of the interorganizational tenants was to create a one-stop community center for Koreatown.

2004

## NAME CHANGE REFLECTS GROWTH

In 2004, KYCC changed its name to "Koreatown Youth and Community Center" reflecting its commitment to serve all the diverse children, youth and families in Koreatown.

## CHILDREN'S CENTER OPENS

After a \$2 million capital campaign, KYCC's Children's Center moved to its current Crenshaw Boulevard location, supporting our multiethnic families by offering on-site parent education, case management, mental health, and health services.

2006

## FREE TAX PREP PROGRAM BEGINS

KYCC's Free Tax Prep LA program started in 2006 with 10 volunteers from Hanmi Bank. That year, KYCC provided free tax preparation to 70 families.

## MILLION TREES LOS ANGELES PARTNERSHIP

With support from Los Angeles Mayor Villaraigosa's Million Trees Los Angeles (MTLA) program and Trees for a Green LA, funded by LADWP, KYCC has distributed and planted thousands of trees, increasing the green canopy in our community.

2011

## AFFORDABLE HOUSING EXPANDS FURTHER

In 2011, KYCC with Little Tokyo Service Center (LTSC) renovated five Section 8 apartments, adding 84 more units of low-income housing in Koreatown.

2012

## MENLO FAMILY HOUSING OPENS

KYCC, along with the Little Tokyo Service Center, built 60 units of affordable housing at 1230 S. Menlo Avenue, housing low-income families, with KYCC providing after-school programs, family literacy, workforce training, and supportive services for its tenants.

2019

# YOUTH SERVICES

## Opening New Doors

KYCC Housing Services continues to expand our efforts to support Los Angeles' unhoused community, working to build housing stability for our most vulnerable residents. In 2024, in partnership with Domus Development, Department of Health Services, Department of Mental Health, Los Angeles Housing Authority, and Los Angeles Homeless Service Authority, KYCC completed the lease up of 75 units of Permanent Supportive Housing at Serenity Apartments for chronically unhoused seniors. In addition to the 74 residents at this building, KYCC also provides housing case management services to 168 previously unhoused households to ensure our clients are given an opportunity to recover and thrive.

Through these efforts, KYCC remains committed to fostering long-term stability and providing the support necessary for our community members to rebuild their lives with dignity and hope.

In April 1994, KYCC staff moved into the KYC Limited Partnership, a 19-unit low-income apartment building at 680 South Wilton Place, which marked a shift in the organization's priorities from gang prevention, family counseling, and athletic programs, towards housing development.

# RECOVERY SERVICES

## Pathways to Change

KYCC Recovery Services began their participation in the Recovery Incentive Program pilot project in October 2023, to provide Contingency Management services for our clients. Contingency Management is an evidence-based treatment that supports a path to recovery for individuals living with stimulant use disorder, by providing motivational incentives that recognize and reinforce positive behavioral change through negative drug tests.

Since beginning this program with Recovery Services clients, we have had a total of 55 participants, including seven who have completed 24 weeks of Contingency Management, and have provided 208 gift card incentives totaling \$8,363. Contingency Management is the only treatment for individuals with stimulant use disorder that has consistently shown strong results, including reduced or stopped drug use and improved treatment retention.

KYCC Recovery Services was launched in 2019, as the first state-certified outpatient substance use disorder clinic in Koreatown, providing culturally and linguistically competent outpatient treatment for people facing drug and alcohol problems.

## Amplifying LGBTQIA+ Voices

Many of KSP's workshops were taught by local artists, organizations, and community members with lived experience. KSP youth, interns, and staff conducted 41 oral history interviews with narrators from the Koreatown community. KSP also completed and printed KSP Volumes 3 and 4, which focused on substance use disorder, lived experience, and eldercare.

## ENHANCED CARE MANAGEMENT

## Strengthening Community Support

In the last year, KYCC's Enhanced Care Management (ECM) marked two years of service to our community. ECM has served 110 clients across the program's current lifespan, including 24% of clients who were of the older adult (60+) population, as well as a majority being monolingual Korean speakers. This capacity to serve the Korean community is a special asset that KYCC brings to the Managed Care Plans that we contract with, and we continue to be depended upon to support in this role, in a capacity that few other ECM providers in Los Angeles are able to do.

ECM takes a whole-person approach to managing complex health needs. A free Medi-Cal benefit, ECM provides clients of all ages with a Lead Care Manager to help them engage with and manage their health needs, providing assistance with navigating the intricacies of the healthcare system and addressing all aspects of health, including the social determinants of health such as housing and financial stability. By linking participants to essential services and resources, ECM empowers them to take control of their health and build long-term stability.

**FAMILYSOURCE  
CENTER**

## A New Chapter of Support

This past year, KYCC proudly opened its Wilshire FamilySource Center (FSC), located at Menlo Family Center, expanding our commitment to empowering low-income families in Los Angeles. Joining a network of 18 other FSC's throughout Los Angeles, KYCC's FSC provides a range of vital services including financial coaching, youth academic support, parenting workshops, and access to public benefits.

As a trusted resource hub, KYCC's FSC has made a meaningful impact, serving over 1,000 children and families with culturally and linguistically responsive support for our families. From financial literacy workshops that have helped parents build economic stability, to our youth programs offering tutoring and college prep support, FSC is committed to strengthening families and uplifting our community. As we continue to grow, we look forward to providing families with access to critical resources that promote their long-term well-being.

The first KSP cohort documented the early days of the pandemic through stories from youth and elders and how they were impacted by the COVID-19 quarantine, in our Koreatown community.
